On 3/29/2013 I was contacted by Lt. Rodney Hajicek with the East Grand Forks Police Department in reference to a hard drive that was dropped off at our office by Officer Aieso Schrage with the Pine-To-Prairie Task Force on 12/15/2012. Officer Schrage also brought over two cell phones at that time. One of the cell phones is a trackphone and is unable to be ripped at this time by the XRY cell phone forensic equipment and software. The other phone is an LG - VX11000 cell phone. End of report.

Assisting Officer Report**NARRATIVE # 2**

ORI	Case Number	Date	Officer		
MN0600000	13-000447	04/27/2013	Norland, Mike	5022	<input type="checkbox"/> Release to Public

The hard drive that was given to me to look at was a Western Digital 500 GB hard drive with the S/N: WCAS87169279. On 4/3/2013 at approx. 0850 hrs. I hook up the above hard drive to a write blocker that was hooked up to my forensic computer through a usb cord. I looked through the computer and did not find anything that would show illegal activity on the computer. I then shut the computer off and unhooked the hard drive. I later returned the hard drive and cell phones to Officer Schrage. I was later asked to image the hard drive. I again received the hard drive on 4/22/2013. I was in the process of imaging another hard drive and did not get a chance to image this hard drive. On 4/26/2013 I was again contacted by Officer Schrage that there was a court order for all the property to be returned to the suspect in their case. The hard drive was returned to Officer Shrage. End of report. Closed.
