On 2-27-2015 at 2245 I was dispatched to 1850 S34th st in regards to a possible noisy party. The caller had stated the noise was below room 317. I approached apartment #217 and could hear people talking in the apartment. I knocked on the door and attempted to speak with the residents but no one answered. I later spoke with the caller and informed him of the situation and to call us again if the noise became too loud. MB627
